Portotherm identity essentials

Provisional identity. Trademark, company-name and domain clearance pending.

Portotherm

Palette and typography

Navy #142B3D / Teal #006D77 / Background #F4F7F8 / Muted #526776. Warning amber #80520B on #FFF0D6 only for review issues. App: self-hosted Inter Variable (SIL OFL-1.1). Deck: Arial. PDF: Helvetica. Inter license: packages/brand/licenses/Inter-OFL.txt.

Spacing and minimum size

Clear space: one column width around symbol, half-symbol around wordmark. Minimum symbol 16 px; prefer 24 or 32 px. Minimum wordmark 128 px wide. Preserve proportions. Use light, dark or monochrome source variants.

Small-size symbol checks

16 px

24 px

32 px

Misuse examples

Do not stretch, rotate, add glow, recolor in warning amber, place on a busy photo or imply institutional certification. The alternative SVG directions remain in the source folder. The selected portfolio columns plus signal are original geometry.

Copy and licenses

Slogan: See where to investigate. Use investigation priority, weather reference and data review. Avoid guaranteed savings and real-time claims. Lucide icons ISC; React, Vite and Recharts MIT. Inter font SIL OFL-1.1; proprietary system fonts remain vendor licensed. GSAP uses its Standard License; Lenis is MIT. Motion is landing-only, native on mobile/reduced motion. Central tokens: apps/web/src/tokens.css. Repository license decision remains with owner. Full copy, source links and usage detail: packages/brand/README.md.
